Public Statement on Fire Incident at the Blue House.

At approximately 00:15 today, a fire broke out at the main building of the Internal Security Bureau Headquarters, commonly referred to as the "Blue House." The building houses the administration Division of the Internal Security Bureau (ISB).

All personnel have been safely accounted for, and no casualties have been reported. Preliminary findings indicate that the fire was likely caused by an electrical fault. A full investigation is currently underway to determine the exact cause of the incident and to assess the extent of damage to the building.

The Internal Security Bureau wishes to reassure the public that its core operations and national security functions remain fully operational and unaffected. The ISB continues to discharge its mandate of safeguarding the national security interests of the Republic of South Sudan.

We remain steadfast in our commitment to public safety and our constitutional mandate.

Thank you.
