### **Response to the Statement of the Governor of Warrap State**

The leadership of the South Sudan People's Movement/Army (SSPM/A) categorically rejects the recent allegations made by the Governor of Warrap State, Hon. Amb. Bol Wek Agoth, regarding the cattle raids in Kongor, Lou, and Gogrial East on 25–26 March 2026. These accusations are baseless and misleading. The SSPM/A wishes to clarify the following:

1. The SSPM/A has no forces present in Mayom County, nor in Warrap State.
2. It is illogical to suggest that SSPM/A forces could cross directly from the Sudan border into Warrap State, given the fact that Mayom County is under full control of the regime and its SSPDF forces.
3. The raids in question occurred within Warrap State itself, not along the border of Unity State with Sudan.

The SSPM/A is a national movement committed to political change in South Sudan. We do not engage in cattle raiding or attacks on civilians. We condemn the recent violence in Warrap State and extend our condolences to the families of those who lost their precious lives.

We urge the authorities of Warrap State to verify information before making public statements that mislead citizens and damage the credibility of leadership.

**Cde. Bush Akech Chol**

Chairperson of the National Committee for Information and Communication Technology  
Official Spokesperson of the South Sudan People's Movement, SSPM.
